International American Summer Camp
Shkorpilovtsi, Bulgaria

**OUR FAMILY IS GROWING
20 COUNTRIES & COUNTING**

THE CAMP

Camp Golden Gate is an International American summer camp for teenagers aged 10-18. The learning curriculum consists of interactive courses taught in the morning for 3 hours per day. Afternoon activities are designed to develop both the mind and the body. These include sports, arts and crafts, photography, beach activities, and more. In the evening, there is a range of pursuits which will increase leadership and networking skills, while enhancing the students' capacity to work with a diverse set of individuals.

Situated on the Black Sea in the beautiful coastal complex of Shkorpilovtzi, our location is a balance between nature and beach, which promotes a safe and welcoming environment. Our goal is to deliver the the same American summer camp model to your teenager at a price you can afford, and at a distance you are more than comfortable with.

EMPOWERING YOUTH

OUR COURSES

All Courses are taught in English led by native speakers, with whom students won't focus solely on grammar, but instead more on social skills, creativity, and on students taking an innovative approach.

Students will select one or two of the courses below and will master each one, spending three hours per day in a classroom setting.

- **Introduction to Business**
- **Marketing / Vlogging**
 - Drama
 - Debate
 - Economics
- **Web Design and Programming**
